MISSIONARIES *to* MEXICO

November 2023

Dear Friends,

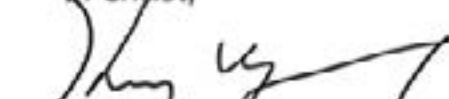

In November we saw a great harvest with 82,053 saved in preaching services and 3,074 Baptized! Praise God for this! 3,198 were saved in preaching services on property along with 1,731 Baptized and the rest in street and outside meetings.

Many thousands of people are traveling through Mexico City as immigrants. We have been seeing thousands saved. We recently had to start services in Haitian language with one of the converts translating. We also had a service with some 600 deaf people Sunday afternoon. We are using the buildings many times during the week.

Sunday I shook hands with Eduardo who just got Baptized. I noticed he had a South American accent and I asked him where he was from and he told me Venezuela. He told me how he slept in the street and got up to look for work so he could eat something when he saw a Church bus and they invited him to get on. He told me how happy he was now to be saved and excited to be Baptized too! I told him I would try to get him something to eat and he told me "That doesn't matter now! I am just glad to be saved and Baptized!" (Joe Biden sure has been good for evangelism.) We are seeing many Cubans, Hondurans, Africans, Guatemalans, etc. saved! We just had a team of soul winners returning from Thailand who saw tens of thousands saved. My son John and son in law Hector led the group.

December we will have been in Mexico 40 years already! Thank you! We recently had some drop our support because we haven't taken a furlough. It hurts us when this happens but it makes us more grateful to you who have stayed with us and kept us on the field. I would desperately love to come visit our supporters but we can't leave the work now. Please pray for our children and their safety. We love you very much and are very grateful for the chance to serve God and you. This is all fruit for your account! We wish you and your family a merry Christmas!

In Christ,

Kevin Wynne

Deaf people attending Church. Many getting saved!
