

teaching all nations

Dear Friends,

Having the opportunity to serve God together on the mission field with the family is truly a highlight of our ministry. Of course, we have worked together before, but this, this was amazing. To see my children and wife working, soul-winning, teaching and serving is both challenging and inspiring. Thank you to everyone who prayed for our safety and God's blessing on this trip

On Saturday, we were able to join Iglesia Bautista Biblica Divina Gracia for soul-winning. The kids piled into the back of a pickup and traveled a few blocks to the location for that day. We spent a few hours knocking doors and passing out tracts. Several people trusted Christ and we rejoiced with the church to see these people come to know the Lord.

One of the amazing activities in Mexico was teaching at a Bible Institute that uses the Teaching All Nations program. Bro. Alfredo pastors Iglesia Bautista Monte De Los Olivos on the outskirts of Guadalajara. He operates a Bible Institute with 7 students. I was able to teach in the Bible institute and my wife served as the translator. The students are so dedicated and committed to their service for the Lord and their training to know how to serve Him better. Pastor Alfredo and his dear wife are working tirelessly to train students, expand their church and reach that community for Christ.

Please continue to pray for Teaching All Nations and the Ogle Family. We have a mission to India in January, and several missions conference the early part of the year.
