

## WORLD MISSIONS BEARING PRECIOUS SEED

A MINISTRY OF SECOND BAPTIST CHURCH, PASTOR JAMES KING

Praise and Prayer Report-March/April 2024

Dear Pastor and Praying Friends:

God has been extremely good to us in the last six months. We have had several health issues, but He has taken us through those, and blessed our ministry abundantly. We were able to put over \$50,000 of paper money directly into the purchase of two more semi truck loads of paper. The first one is already printed and being assembled in our "seedline churches." The second load of paper is in the process of being printed! We just shipped a container to Thailand and we expect to ship another one this month to Nigeria with over 300,000 portions of the Word of God. The darker our world seems, the more God's people are rising up to reach the lost with the Word of God. The response of His servants to sacrifice in this great need truly encourages us to "press toward the mark."

"How can they hear without a preacher?" We are not seeing enough folks surrendering their lives to go to the mission fields, but God has enabled through His printed Word that we can send "paper preachers" in the form of John/Romans booklets in their language to existing missionaries who will distribute them far and wide in their mission field. If you have helped in any way, with ministry money or money designated for paper, God is adding souls to your account.

We cannot thank you all enough for your prayers and your love on our long winter trip. The love and encouragement you shared has lifted our hearts and increased our burden more than ever. Beg God with us for good medical check-ups, so that we can continue serving Him and getting His Word around the World.

Bearing the Precious Seed, (Psalm 126:6)
