## Missionaries on the Island of Hispaniola

### Feb - Mar 2024

### Dear Praying Friends and Supporters,

Thank you so much for your faithful prayers and financial partnershi, the recompense of both being rewards in heaven and many thanksgivings to God the Father, according to the Word of God. As the Haitians for His Kingdom team takes an arial view of the works of God among us and through us, we see the strong arm of God and His wise direction in our lives and ministries bringing us to another level of service for Him.

We are thankful to God for the structural completion of The Living Baptist Church building. We are thankful to the thousands of partners who contributed prayer, encouragement, and special financial gifts. The work left to do is furnishing the building. We are completely confident that our generous Lord who has provided thus far will see us through to the very end of every detail.

By completion of the building and legal aspects of our ministry, by the Lord raising up earnest young men and couples to serve the Lord with their lives, by giving our people a vision to spread to others what God has given them through the local church, and by providing much needed help in the seminary, the Lord is bringing us to another level of ministry in reaching the Island of Hispaniola for His Kingdom.

Because a 14 year work of laying a foundation of prayer, wrestling with obtaining legal documents, soul winning, preaching, training and loving, and patiently waiting on the Lord to call whom He would we are now seeing the Lord use us on another level. Young men with the grace of God mighty in their lives are serving and surrendering to the work of the Lord, which leads us deeper into the work of church planting. Desiring to see God do in other communities what He has done in ours, we have focused on 5 new areas in the DR and Haiti to establish a local church.

In 2023 our poor people rich in faith contributed \$2000USD to world missions. In our March missions conference \$5000 was committed. Not only are we prayerfully looking to God to supply the church planting financial needs, but in our local church first we are asking the Lord to work through us to do in other towns what He so kindly did in ours.

One of the areas of great need is help in teaching and training our young men and women who want to serve the Lord with their lives. Brother Alexander Reyes is an Honduran missionary to the Haitians in the Dominican Republic and while learning the language for a year in our ministry he has given himself to help teach in the seminary. He and his wife have been a great blessing.

Please pray for us: that the provisions for furnishing the new building would be provided, the finances needed to purchase a piece of property for a new church plant would be provided, that the Lord would move mightily in the hearts of more young men to abandon all selfish ambition to serve the Lord zealously with their lives, and that the Lord would provide Spirit-filled, and Word -filled teachers to train up young people for the glory of God.

Occupying til He comes,

Biz and Beloved Lerisse and family
