

CALUAG FAMILY

Missionary in the Philippines 🇵🇭

MONTH JUNE

MISSIONARY REPORT

2024

Pastor Corey and Church Family,

First of all we would like to give all the glory and honor to the Lord for all the things accomplished in the work of the Lord here in the Philippines. We are just privilege to be chosen by Him out of many that are more than qualified than us.

With all humility and giving all praise to the Lord, we are very blessed and happy to tell you that our recent water baptism was very successful. We thanked the Lord for the 21 people in our churches followed the Lord in their obedience in water baptism. They were all product of our old fashion soul winning and house to house bible study. To God be the glory!

I would also like to take advantage of this opportunity to share you all about our family situation. And from the bottom of our hearts, we covet your prayers. First of all, I know some of you already knew about our children condition. But for the sake of others that didn't know yet, our 4 children was diagnosed of tuberculosis virus. Our family was still wandering how they got it. But as of now we thanked the Lord that they were all doing well for they were all taking medicine. And they need to be in medication for 6 months to treat the virus as per the doctors advice. So please pray for our 4 children. Secondly, I ask your prayers for my wife. I have shared you all of this that my wife has a stage 1 cancer on her thyroid. And almost 3 years ago, my wife find out that she has a "Cyst" on the top of her ovary. Since then, my wife was so firm of her decision not to go to hospital for surgery. For the reasons that she is already tired and afraid of the surgery because 3 of our 4 children is caesarean operation. But lately, upon noticing that the cyst on her is getting bigger, honestly, right now she was so vocal of going to the hospital and see the doctor. Please pray for my wife, she was so nervous and being alarmed of her situation. And if she decided to take this cyst out, then we will need to go to manila where good doctors and hospitals were there to go for surgery. Rest assure that we will let you know about this. Again thanked you so much to all of your prayers and support financially in the work of the Lord here in the Philippines. And we would also like to greet all the fathers in the church family, Happy Father's Day to all of you! May our God continue to shower us His grace and mercy. God bless!
