Dear Members of Hopewell Baptist Church,

I want to thank you on behalf of the Hyles-Anderson College family for your wonderful donations this year. To the best of our ability, we use these donations for campus improvements and for the benefit of our students.

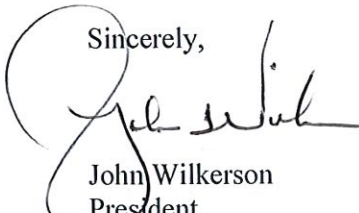

We had a nice increase in our enrollment this school year, which was a blessing, and we have two young men enrolled in college who were won to Christ by one of our college students at their workplace. Several young people, who were invited to church by our college students in their workplace, are attending First Baptist Church and have gone through the discipleship program. This is besides the hundreds of people who attend First Baptist Church on the college-student bus routes. The student body of Hyles-Anderson led 4,129 souls to Christ during this past school year. Your donations are reaping a very eternal reward.

By the grace of God and along with your help, we continue to make physical improvements on our campus, which sometimes is like trying to paint a moving freight train! Many of you know we were able to repave all of the parking lots on the campus last year. What a blessing! We are systematically trying to upgrade the dining hall, which was built in the 1980s. A new roof, new windows, upgraded flooring, and painting have been done. There are equipment upgrades that we hope for in the future.

This summer, we are targeting upgrades to our dormitories, as well as classrooms and flooring that is badly needed in the classroom hallways. Much of what we are able to do is because of your generous donations.

Thank you for partnering with us here at Hyles-Anderson College. Thank you for believing in our mission of training young people for Christ's work. There are graduates all over this country and the world "punching holes in the darkness" for God.

Sincerely,

John Wilkerson
President
