December 2024

Dear friends and church family,

**How GREAT is our GOD!!!** In 2021, we bought our property. We now have 10 ft. high cinder-block walls, spikes and razor wire all around. Here, we live and work. Now, we have been given all the machines and equipment for a complete print shop. **The problem is**, we have run out of space to work. We are praying that we can construct a 1,000 square foot print shop on our existing property. If you would like to help, please designate any gifts to "PRINT SHOP" on your check. Right now, we are working on several thousand tracts for two orders from American churches that want Spanish tracts. Also, we are working on an order for 100,000 tracts for a missionary in Africa (in English & Swahili).

**Prayer request:** We have a great need for a print shop. We need a cement floor, walls, windows Metal roof, Roll up garage door, Electric lights and power for equipment (110 and 220).

**John and Roman's distribution.** Sister Carrie and I have decided to distribute one case of John/Romans (about 200) personally **every week**. We give them to everyone we meet in the store, in the bank, on the street. We also mail these out and give boxes of them to pastors who do the same. These are marked editions, with sort of like a road map to Heaven using John and Romans in the Bible. What a great soul-winning tool. We gave one to the lady worker at the bank today, and watched her reading it. While preaching in the new mountain church of La Chona this past month, we stood in front of the Catholic Church and handed out 60 John and Romans. The plaza was full of people that night, because they were celebrating The Virgin of Guadalupe Day. What an opportunity to witness about Jesus. John 14:6

**I preached a family conference** in Saltillo, Mexico in December. On Saturday, while soul winning there, a 92-year-old deaf man met us at the door as well as his wife and daughter. We chatted and found out they were Christians & we prayed. He died the very next day. His sweet wife came to church the next Sunday and thanked us for visiting. On the same street, we knocked on the door of Renee. He listened to the entire Gospel presentation and asked several questions. Then he accepted Jesus into his heart and life.

**We have 2 vans** for our Bible ministry, but they are both being used on Sundays to bring people to church. Carrie's route was recently started by two teenage young men in the church. She drives for them, and helps them get people to church.

**Some Amazing Facts for the Year 2024:**

**1.BEAMS.** We distributed **10,554** BEAMS whole Bibles totally free to Mexican Pastors.

**2.Mexican Supporting Churches.** Several Mexican churches are now donating offerings for us to buy Bibles here in Mexico to give to other churches in Mexico.

**3.VERBO VIVO.** We formed a fully recognized Civil Association here in Mexico called "Verbo Vivo." It is for the distribution and the production of religious materials (Bibles, Tracts, John Romans, and food, etc.)

**4.Wonderful Word Publishers** asked us to take over and operate their amazing ministry of printing Gospel literature. Before, they were printing in the USA and shipping into Mexico. Now, we will print here in Mexico. Thank you all for your prayers and support. Please pray for us as the ministry of printing and distributing is growing that we will have wisdom and the workers for the ministry.

Rejoicing in the Lord,

*Dan & Carrie*  
Dan & Carrie Kaighen

## New Construction on the New **Wonderful Word** Print Shop

1008 Mariano Arista, Los Altos,  
Nuevo León, Mexico

Thank you for considering to help us on building our new Print Shop in Escobedo, Mexico.

As mentioned in the December Prayer Letter, we already own outright the property. The shop will be approximately 10 meters by 10 meters. 4-5 meters high. 1 meter is slightly more than a yard.

The footers have been dug and the materials bought to lay the footers 1 meter by 1 meter by 1 meter deep.

**Cost of material: \$500 US dollars.**

This will be my third metal roof to build here in Mexico. We will use galvanized corrugated steel. (Lamina). The galvanized roof will be supported by 3 trusses. The trusses are built by welding two 8 inch C Channels together. (6 meters long from the gutter to the peak, on both sides.)

**Cost of material: \$2,000 US dollars.**

Some of the cinder block walls are already standing, and will be used. However, 25 running meters of 4 meter high Cinder Block walls will be built.

**Cost of Material: \$1,000 US dollars**

A High-Test Concrete Floor will be poured that will withstand Machines, pallets, shelving, pallet jacks, and a fork truck.

**Cost of Floor material including TOTAL INSTALATION: \$1,700 US dollars.**

An Overhead Garage Door will be installed. We will buy and bring it in to Mexico from Texas.

**Cost: +- \$1,000 US dollars**

Electric outlets, lights, and power box will be installed.

**Cost of Material: \$500 US dollars**

**Most of this is NOT counting labor.** Labor is cheaper here than in the United States, but labor is not free. As you can see, we are going to go over \$7,000. But what does this give us? A place to put all our printing machines, and most importantly, a place to print the WORD OF GOD IN MEXICO! No, we are not permitted to print whole Bibles. They have copyrights here in Mexico, as in the US. However, we are hard at work printing Gospel Tracts, Hymnals, Manuals, and booklets.

Thank you for all your prayers through the years. We are in desperate need of the wisdom of God! We honestly feel that the Lord actually wants us to be His printers here in Mexico. If God so leads you, please prayerfully consider helping us in this hour of need.

Dan and Carrie Kaighen

203-984-0254. (You can call into Mexico for free. Text. WhatsApp.)

Construction on our property for the Wonderful Word printing ministry and Gospel distribution. 1 square meter footers are dug by hand for supporting the walls and roof. Cement for the footers under a very low roof that will be taken off as the walls are built higher and then a new roof put up. Thank you for your prayers.
