

February 2025

Dear Friends,

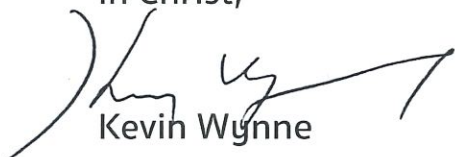

The Nolasco family were rough people. They were armed robbers, many were thieves and drug dealers, and they were worshipping the saint of death. One of our great soul winners, Fabian Toriz, lead just one to Christ, and soon, one after another got saved and baptized! They brought me their image of Saint Death to destroy, and just last week started going out soul winning! Praise God!

February saw 853 walk the aisle for salvation and 559 Baptized at church, while 58,691 were saved in street meetings and 465 Baptized. Many of those also came to church.

My children are working hard in South America and Africa, along with other workers from our church, and they are seeing great numbers of people saved! We also just had 26,229 saved through a campaign in Bolivia with the help of my assistant Marco Jauregui. 317 were Baptized.

None of this is possible without your support and prayers! Thank you.

In Christ,

Kevin Wynne
