MISSIONARIES to MEXICO

March 2025

Dear Friends,

God was very good to us in March. God is always good! 120,797 were saved in preaching services and 1,873 were baptized! This does not include all the people trusting Christ out soul winning.

Most Saturdays I will go street preaching. Last Saturday I had 223 saved and 12 people baptized there in the park. My wife and family are soul winning during this. My son in law Hector Avila saw an elderly lady sitting on the curb side crying.

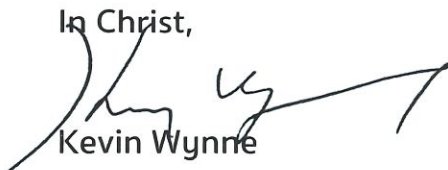

Hector asked her if he could help and Esperanza told him that she had married a younger man who told her that he loved her and he had just stolen all her bank account and all she had and run off with a younger woman. Hector noticed she had a large knife in one hand and bullets for her gun in the other. She was looking for them both to kill them.

Hector told her about Jesus and salvation and Esperanza trusted Christ and when she did she said to Hector "God sent you to me today! Now I don't want vengeance!" I baptized her Sunday!

Hector and my children have great ministries now in Mexico and Africa and South America. I don't see them often but we are very blessed to see them serving God! Please pray for our children and grandchildren and their safety. Mexico is becoming even more dangerous.

None of this is possible without your prayers and support! Each soul saved is fruit for your account in heaven. Please pray especially for our young men in Ecuador. They are suffering a great persecution right now from the government. We love and appreciate you very much!

In Christ,

Kevin Wynne
