

God has done His wonderful work this summer. We were able to present Teaching All Nations in 8 churches. What a joy to meet Christians serving the Lord in Pennsylvania, North Carolina, Tennessee, Kentucky and Washington. Our travels allowed us to see the Smokey Mountains, Mt. Rainer, Gettysburg, Lancaster, PA, and miles of beautiful country side. We also fit in some family time with hiking, fishing, boating, swimming, games, cookouts, laughter and many wonderful memories. A highlight of every trip is Bucee's! We've enjoyed being at our home church this month. Our weeks were busy with Soul winning, Missions Ministry, Men's Prayer Breakfast, teaching Sunday School, and working in the Addiction Recovery Ministry.

Missions University at First Baptist Church, Hammond was a time of great teaching and fellowship. Missionaries Mark Holmes, Ted Spears and others brought amazing messages on being an influence for Christ.

Upcoming this fall:

~Adam is speaking at the Missions Mastermind Conference in Bangkok. ~Partnering with a long time national pastor in India to disciple converts. God has completely orchestrated this amazing opportunity.

~Train and establish Bible Colleges with over 150 pastors in India.

~Conference in Dhaka, Bangladesh to start a Bible Institute.

~Missions Conference Guyana, South America.

~TAN will be returning to Mexico to continue the work in the mountain region.

2026 Kenya. Did you know there are trained national pastors ready to start a ministry in Kenya, and that it only takes \$600 to build a church? Please be in prayer for these endeavors. Our heart is to see the Gospel shared, disciples trained, and the cause of Christ expanded. For His Glory, weekly updates, videos, and prayer requests on Facebook & website.
