Greetings Dear Pastor:

We had two follow the Lord in believer's baptism. One of the men that got baptized has a great testimony. His name is Bekie.

Bekie has come to our church with his wife, Mon since almost our first Sunday two years ago. Mon was saved already before coming to our church, however, her husband was Buddhist. He would come and tell us that he is Buddhist and that he only attends our church because of his wife. He got to the point that every time I would preach on going to Hell, he would go to the bathroom. He would stay in there until I finished. He was under conviction!

When we returned for the weddings Mon and Bekie missed our last Sunday. Mon then called my daughter a week later and told her that Bekie's aunt was dying in eastern Thailand and that is why they missed. She then said Bekie watched his aunt die and it changed him. He knew she went to Hell and he didn't want that to be him. So he trusted Christ as his Saviour. God is GREAT!!!

Still needed is \$600 to replace our printer/copy machine. Also, prayer for more support. I am running about \$500 a month short of what is needed.  
~ Missionary Todd Painter

This is Wee Chien who is 80 years old. He got saved several months back, but was hesitant to get baptized. However, after he saw Bekie get baptized, he decided he needed to step out and get baptized. Thai people are sometimes afraid to identify themselves as Christians due to fall out with their family.

This is Baang Som Wong who trusted Christ this month while we were out soul winning. She was so thankful that she gave us a bag full of fruit called Ma-Yom. I tried one and it tasted like a lemon on steroids.... it was sour! Thank God for people who have open hearts.

This is Bekie, Mon's husband who got baptized this month. I wrote out his testimony in the main section. Sometimes it takes a while for these Buddhist people to come to Christ. For Bekie, it was almost two years. We have several people attending our church who are lost. We just pray for them to come to Christ and let God work on them.
