

LARAE HOFF

July 2025

Dear Prayer Warriors,

I would like to thank everyone for praying for me. There is so much excitement going on with the many areas of ministry and opportunities. It is a great blessing!

Our school, Fundamental Baptist Academy, is almost on a break. The school system here in Ghana is divided into three terms, and this is the third term right now. Our last day of school is **July 31**, and **we will be having our Kindergarten Graduation** that day! It will be exciting to watch these 55 children graduate. It has been a joy to work alongside the FBA teachers. Please pray as we **prepare for the next school year**, which will start on September 9.

Kindergarten Graduates

Sunday School

In my last letter, I told you that I would be starting the ministry of helping with our village/daughter churches in their children's ministries. The **weekend of June 22, I started helping with Fundamental Baptist Church of Mamponteng. Their church, led by Pastor Kingsley Addai, will turn 6 in October.** When I arrived, they had just changed leadership in the children's Sunday school class and had 6 workers who were helping with a Saturday morning Bible Club. My first Saturday, they decided to switch locations, and that day we had **over 60 children**. When I finished the Bible lesson and **gave the invitation, every child raised their hand.** The **hardest part in Bible Club training is the missionary story.** It is hard for workers to grasp some of the

English words in the story. On August 3, we will be **starting their children's church, and on the 17th, we will be dividing the children's Sunday school** into a girls' class and a boys' class. This church did their first **Vacation Bible School last year. They have plans to have it again this year on August 26-29.** I've been helping their children's ministry leader to organize it. It's been a blessing to train these workers and to see them have an understanding of what's been put into practice. Please continue to **pray for me to have wisdom and that I will speak clearly to these workers.**

First Week of Bible Club

On Saturday, June 28, the **Bible Club workers had a surreal experience.** They got word that a ten-year-old boy by the name of Nick, who had attended Bible Club the previous week, had died suddenly in a drowning accident on Sunday, the 29th. One of the gentlemen had shared the Gospel with him, and **Nick said he got saved that Saturday.** Please pray for Nick's family. This shows how important it is **to share the Gospel with the many people we each meet.**

Public School Preaching

One of my missionary coworkers told me that when they do **"public school preaching," they needed help with the lower and primary grades.** I talked with two ladies who have helped translate for me before, and they agreed to go with me. We were blessed to teach in a **classroom with 54 children, where their teachers also stayed and listened to the Gospel message.** The week after we finished teaching using the picture booklet, we went to their classroom to do "confirmation." "Confirmation" is when we go to the classrooms and take the children aside and talk to them one on one to see if they understood the teachings. When we talked with the students in my class, out of the 15 we spoke to so far, **12 of them said they had gotten saved** by us teaching them!

Bible Club Kids at Church

What an answer to prayer! This Sunday, July 13, was a super blessing! In the morning in Mamponteng, it was a blessing to see **5 boys who came to the Bible Club on Saturday come to church.** In the evening service at our church in Bohyen (the one by my house), it was a blessing to see a boy by the name of **Beni, who attended the Bible Club** I did at my house, come to church for the first time! **Praise the Lord!**

PLEASE PRAY

*Children ministries

*Village/daughter-church ministry

In Christ,

Larae Hoff

PRAISE the LORD

*Public school children get saved

*Bible Club fruit
