Greetings Dear Pastor:

We have had another great month. We continued to have first time visitors almost every week. We also saw many return visitors which eventually resulted in two of the adult ladies getting saved and then the following week getting baptized.

We also saw Bah Deng who has been coming to our church since our third Sunday after we started the church in July 2023. She came forward at the invitation time and wanted to trust Christ. She had been coming for over two years and always refused Christ because of Buddhism. Praise God for the work of the Holy Spirit!

Current needs: \$500 needed for our December Christmas program. Every year we have seen many new people hear the Gospel because of our Christmas programs.

Christmas is something that Thai people know little about and are curious. We use the opportunity of celebrating His birth to teach them about His death, burial, and resurrection for our salvation! Please pray many will be saved!!!

~ Missionary Todd Painter

This is Thaw Thaw who came and visited and then visited again the following week and came forward at the invitation. and asked about being saved. By week three she was asking if she could follow in believer's baptism. We are thankful for the working of the Holy Spirit!

This is Bah Deng trusting Christ after the morning service. She has come for so long that sometimes you almost forget that she isn't saved. Lol! However, this Sunday the Holy Spirit conviction finally broke through and she asked about trusting Christ at the invitation time. Praise God!

This is Sutin out witnessing in the brush. It might be difficult to see, but she was holding her knife in her mouth. Unfortunately, she didn't trust Christ, even though she listened to the presentation of the Gospel. At least seed was planted!
