

AMAZING GRACE BAPTIST CHURCH

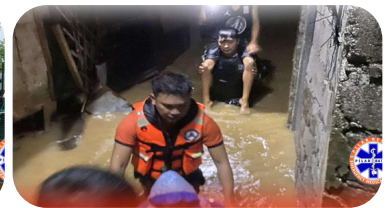

MISSION REPORT

Dear: Pastor & Church,

Greetings from the Philippines! We are now into the third quarter of this year 2025 and things are started a rainy season, chracterized by frequent rainfall and the possibility of typhoons. The Philippine is a typhoon - prone country, with approximately twenty tropical cyclones entering its area of responsibility per year. In such an extreme event, heavy precipitation, intence wind, storm surge, floods, and landslides result in devastating damages and loss lives, Super typhoons resulted in catastrophic damages to infranstructure, agriculture and communities.

As i write this letter, our community is recovering from the aftermath of another typhoonn. While the storms here can be devastating, they also reveal the immense resilience and deep Faith of the Filipino people. Despite losing power and seeing extensive damage in many areas our group is safe by the Grace of God. Typhoons take much, but they cannot take our Hope, Faith, and Love for Jesus.

I wanted to reach out to you all to update you on our work, share some of what we've experienced and thank you for your steadfast support to my family and to God given ministries. Here is an update on how your prayers and support are making tangible difference:

- Grace & Peace - for **Preaching and sharing the Gospel of the Lord Jesus Christ**. Keep praying for the salvation of the Filipino people. The stroms / typhoon have been opportunity to share the Gospel.

- Grace & Peace - for **Planting Churches in different town, cities and barangay or villages.** Let us bring the church to the people and keep helping the Local Pastors to build their church. With your help we are providing and building churches.
- Grace & Peace - for **Equipping Servant Leaders.** Pray for Bataan Baptist Institute or Laymans Training. Keep praying that many learders in the church will be equip to help ministries and many of young people surrender their life for the mission.
- Grace & Peace - for **Assisting the Poor.** Many families suffered significant damage to their home and with your help we are providing food and other essensials to those who are in need and affected by poverty.
- Grace & Peace - for **Caring for the Sick.** We've been able to comfort the hurting and remind them that God has not abandoned them in their suffering. This is a good ministries, not just for the church members but also to the unbelievers.
- Grace & Peace - for **Educating the New Generation and Sharing the love of Christ to the little Children.** This is for our Children ministry.

July

God ansewered our Prayer's for the L300 Van for the church. We've been renting a jeepney for 22 years, But now God gave Us this Vehicle for the Ministry and Mission. Thank you for those people and church who help Us to purchase this Van.

August

Celebrating my 47th Birthday together with my Family, Fellow Pastors in Bataan and with the Church A.G.B.C Family. Also my two son suprised me during my birhday , what a joy and tears we've experienced . Thank God For Family.

September

Celebrating IBMA BATAAN SPORTFEST. I love basketball and I hope there is basketball in heaven. Joke Only! Also I was invited to preached for the 10th year Mission Anniversary as their guest speaker.

I apologise also for the lateness of our letter, Because my Wife was hospitalized tree times that I rust her in the hospital for high blood presure. So please continue to pray for my wife also.
