

Hello,

We are coming back on furlough in 2026 and it would be so good to see you again. We will be helping our last 3 children to start Hyles-Anderson College.

So, we will be around the area in December 2026. We would love to come by and let you know how things are going in East Africa.

We started a radio station in Bujumbura, Burundi that is now reaching people that have never heard the real plan of salvation before.

Now, we are wanting to start another radio station in West Uganda that will reach about 4 million people. That includes reaching maybe 2 million people in the war-torn area of the Congo where President Trump just helped to stop the fighting.

Please email back or call but the telephone is glitchy here in Uganda. Thank you.

God Bless,

Gregg Schoof
