MISSIONARIES to MEXICO

September 2025

Dear Friends,

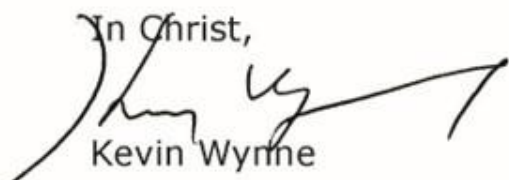

We had another great month with 127,914 walking the aisle for salvation and 1,992 getting baptized. We have some 350 young people in the Bible college in Mexico City, and we now have many more in our other Bible colleges in other countries. Here in Mexico City we have been ordaining quite a few young men to go out and start new churches. God is doing great things!

We traveled to the Philippines to preach at Fuegos De Evangelismo conference and to try help some churches reach more people for Christ. My wife and I won many souls to Christ, I am sure over 100. One of my favorite experiences was witnessing to a young man named Jeovoni. He told me how he had almost died in the pandemic. He was on a respirator with many others in the hospital, and all of them died. He said that he felt it was a miracle he came home to his wife and two little girls. After he received Christ and His salvation he told me, "Now I know why God spared me! It was so I could get saved!"

My son-in-law Hector went on to preach some campaigns in India, and we are back in Mexico. We had 527 baptized this week and 984 trusted Christ at church! Mexico is passing more laws against churches this week. Pray God keeps the door open for us. Pray for our children and grandchildren helping us in the ministry and the works we now have in other countries.

We love you and are grateful for you keeping us on the field.

In Christ,

Kevin Wynne
