Dear Friends of Galatians 6:1 Ministries,

I'm writing you Tuesday morning—just moments after our AC technician gave us some tough news.

We noticed the air conditioning wasn't working in our two front suites, which we use to host guests who come to stay and seek help. After checking the breaker and seeing it wouldn't stay on, we called our AC man. He just left after confirming that the compressor has completely failed. It's beyond repair—likely 14 years old or more—and has to be replaced.

The cost to replace and install a new unit is **\$7,065**.

This is one of those “we need a miracle from God” situations. We've walked this road before, and God has always provided—often through the prayers and faithfulness of people just like you.

In the meantime, we've had to shut down both suites, and with people scheduled to come in over the next few weeks, we're doing our best to make adjustments. Thankfully, we have a small house on-site we can use, and a nearby hotel if necessary, but it's far from ideal.

Would you please stop right now and pray with us? We're trusting God to supply what we cannot. I wanted to let you know as soon as possible so you could stand with us in prayer.

Thank you for always being there.

In His grace,

David Hyles
