MISSIONARIES *to* MEXICO

December 2025

Dear Friends,

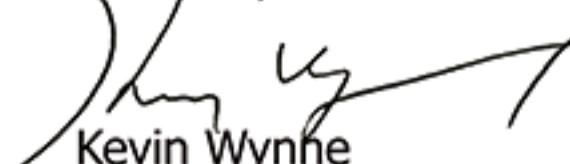

December brought great joy with 622 Saved at church and 402 Baptized, and another 126,350 Saved in preaching services off-property and 796 Baptized! December is usually our lowest month for church attendance, especially our Christmas Eve and New Year's services, yet the 7,000 seat auditorium was nearly packed full. Ninety-one were Baptized at our New Year's Eve service!

One of our ministries is preaching the gospel on buses and the subway system. Francisco was a well-known and respected mathematics and physics professor at the university who heard some of our young men preaching. When they got off the bus, he followed them. They asked him what they could do for him, and he said, "I needed what you were talking about." He asked for the address of the church and attended faithfully with his wife until going to heaven recently. Thank God the gospel reaches all types of people.

The work in South America is growing greatly, as are several of the Bible colleges we have started. I am heading back to the Philippines next week as my sons and I are trying to help about 80 churches grow and expand their soul winning. Please pray for this!

Please continue to pray for our health, safety, and support. God is greatly blessing, and we need your prayers. We love and appreciate you very much!

In Christ,

Kevin Wynne
