

February was the first month [that I can remember] where there were 4 Sundays, 4 Mondays, 4 Tuesdays, 4 Wednesdays, 4 Thursdays, 4 Fridays and 4 Saturdays, interesting because  $4 \times 7 = 28$ . I recently went to the bank we use in Mexico City and was told that banking systems give interest every 28 days. And on the 28<sup>th</sup> of this month the planets lined up just as the sun set. Blessed to be living at this time of wonder and expectation of the signs of the times of our returning Saviour Jesus Christ!

Many reached out to us during the last part of February due to the obvious continued cartel response with open vengeance. We thank our Saviour for His protection, but we, are well-aware, that we are literally in the line of fire and can sense that there is something in the air. This is only the second time in as many years where a President of Mexico is attacking the cartel organizations, but this time is probably in response to President Trump's orders. The US Marines have been allowed and will begin to train on Mexican soil this year [first time in history], if I am not mistaken. I personally believe that the United States of America and Mexico have joined forces, secretly, little by little for many years.

By your generous giving, we were able to help Moises Rubio Hernandez get his 10-year Mexican passport. It was interesting as he showed it to me beaming with pride. I noticed as the Mexican passport has been, the color-green, like since forever, but now it is the same blue color as the American passport.

Our hospital feeding time continues to be a huge blessing to many! Many trust Christ as Saviour every time. The area we are located is also next to a subway station. There are people coming and going in the quest for life, liberty and the pursuit of their own happiness. This past time, many people came up to me afterwards telling me that they had just talked to Jesus Christ as their protector and king for getting into Heaven and that it gave them a warm feeling. I love it when precious new-born babes in Christ don't know the "religious way" of saying that they got saved. It made me laugh for joy to hear newborn babes cry out!

A mother, Marta, her daughter, Nayeli and her two small children, Santiago and Emily, were waiting by the church door on Thursday afternoon. Sometimes people gather outside of stores, houses or other areas (waiting for transportation or other reasons) and I did not know that they were waiting for church services. We were glad when they came in. They were unsure where they were going to stay the night as her husband kicked them out of the house belonging to his family. They were homeless. It cut to our hearts. I just so happened to have a huge bag of stuffed animals (in nice shape) given by a Christian lady in San Antonio, Texas and we gave both children one. They were overjoyed and began to play with them immediately. We gave them a love offering and dropped them at her sister's house, that she had called while we were driving them. Both adults believed on Jesus Christ and have come to church ever since! Our new church logo is: Love, Give, Serve; and we were able to do just that in a special way during the month that celebrates love. The more life I live on this earth, the more I want to do for others, personally, before I reach heaven because, I believe, when we see Jesus, we're going to be thinking, "I wish I had given Him more".

The last several months or so we have led 119 precious souls to faith in Jesus Christ in the midst of fightings and fears, within and without. In Mexico City,

David and Holly Combe, Mark 11:22
