Traveling America

We spent almost all of May and the first part of June traveling around America. I was able to present our ministry in many new churches. We have about a \$700 a month short fall right now, which is why we have emphasized going to mostly new churches. So far we have picked up one which will help reduce that number. Please be praying we can pick up more to meet that need. God did bless us with some very nice love offerings which a lot of it went directly into our surplus account for the ministry in Thailand to help the short fall.

Our Medical Situation

My wife had two appointments this last week and has two more scheduled for this week. Her incision that wasn't healing is now healing nicely. I had my appointment on June 26th, and the doctor reported everything looks great, advising me to continue my current regimen. For those unaware, I have two incurable health issues that need to be managed to ensure a normal lifespan.

Travel Back to Thailand

We depart for Thailand on July 9th and expect to hit the ground running. We are welcoming visitors from America on our very first Sunday back, and the following week we will host a team from Texas Independent Baptist Seminary. We are especially thrilled because my two youngest daughters are part of this group, which will bring us immense joy and a wonderful family reunion.

Thank you so much for your prayers and partnership with us!

This is a family that came as visitors to Lincoln Baptist Church. The lady is named Poo Loo and she actually use to attend our church over a decade ago when I was still the pastor. She had moved away to another city and they just recently moved back to Lincoln. Their 13 year old son got saved and was baptized.

One of my helpers that I am training for the ministry had an opportunity to go into one of the United Nations Refugee camps and preach the Gospel to many of the Karen refugees. He joined with a sister church about an hour away from us and they traveled to the Tham Hin Refugee Camp. They estimate the Gospel was preached to over 2,000 people. John and Romans along with Gospel Tracts were handed out to everyone.

Here is a picture taken about 20 minutes before Sunday school on last Sunday. Pran Buri Baptist Church has been doing great. The attendance this day was 36, which is not a bad day. I am excited to be back with them in ten days. Also, the funeral that was mentioned before did not occur at our church due to the family insisting on a time frame that interfered with our church schedule.
