Many activities, efforts, and time consume us, and as we pursue the training of servants, we rejoice in our brother Alex from the Wayuu ethnic group, who, along with other brothers, received a workshop on preparing Bible studies in a thematic way. It was an intense week, and we rejoiced to see the progress in the study and its presentation.

We ask you to pray for our brothers: José Pertuz, Iván Montes, and Alex González, who are becoming increasingly directly involved in serving the Lord. Two of them are our brother José, whom God has challenged to take on the work in the municipality of Soledad and other towns in the Department of Atlántico, where we are located, while also supporting the capital city of Barranquilla; and our brother Alex González, who will be our faithful brother among the Wayuu in La Guajira.

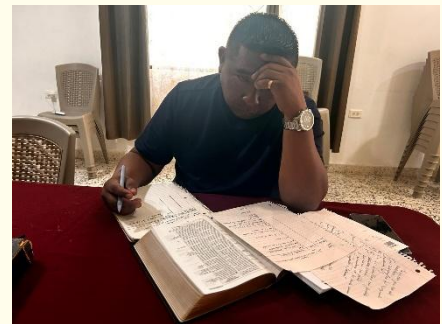

Currently, our church is supporting each of them with USD \$100 each month, and we desire to support them with more according to our church's capacity. If you would like to be part of God's work in the hands of these servants of the Lord, please do not hesitate to send your Missionary Offering and, in the reference area, write their names through BMFP, directing it to my name, and I will immediately administer it to them. Our goal for them is that each one may have at least USD \$1,000 in monthly support for the next three years, thus covering a large part of the resources needed to better organize the work.

During this time, we were able to help the Wayuu brethren in La Guajira desert with the construction of wells to draw drinking water. Please remember, Brethren, that in these areas there is neither electricity nor potable water. We have brought the Word of God, and at the same time they are learning to trust in the provision of their Savior. I asked you to pray for the provision needed so that this may be possible, and that there may be a

scientific exploratory study to extract drinking water through a system based on geological studies. All of this has a cost divided into three phases. The first phase was partially covered by a brother from an American church in the state of Florida and was used for the purchase of materials and the construction of handmade wells. The expense was approximately USD\$1,300. The second and third phases, according to the quote received, have an approximate cost of USD\$25,000, and we ask for your prayers for this provision so that we may have a water extraction and purification system for the Maasichi community and its surrounding areas.

OFFERING REPORT FOR THE
PURCHASE OF PROPERTY/LAND

July – August 2026

AMOUNT RECEIVED:
INDEPENDENT BAPTIST CHURCH
B/QUILLA, COL: **USD \$1,000**

repairs)

SOUTH-CENTRAL AREA

Property 3
SALE COST OF THIS PROPERTY
USD \$18,000

(Applied: -\$6,500**

Balance: **\$11,500**)

METROPOLITAN AREA

In the month of August, we celebrated 14 years since our founding, and it is also the month in which I turned 50 years old—I can hardly believe it. We gave glory to God for the missionary advancement among Colombians of the Caribbean.

Dear pastors and church, some of you have asked me about the projects we have to acquire properties and vehicles, mainly. The properties are described there in the left margin, as well as the need for a pickup truck—not for private use, but exclusively for the work, primarily for traveling in the La Guajira desert.

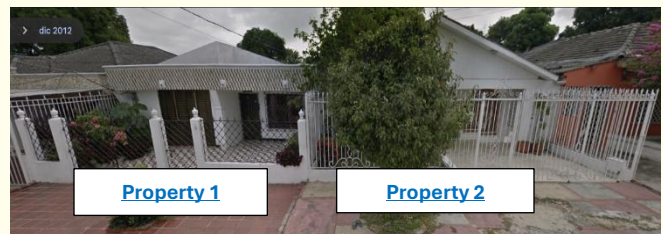

We have currently saved USD\$6,500 for the property projects, and likewise USD\$2,000 for the pickup truck. We give thanks to God for His blessing and for the generosity of some of the churches mentioned in the left margin of this letter. The challenge and testing of our faith continue to grow more intense each time the dollar weakens worldwide and the Colombian peso strengthens. These factors have increased our prayers, because goods have become more expensive in relation to the currency exchange rate. Beloved brethren, this is no problem for God, and we trust that He will guide us in all these projects.

We ask you, please, to help us pray for these needs. The plan I am presenting to you, if it is within your reach, is for each supporting church to raise a representative amount for the acquisition of two properties in the city of Barranquilla: one of them would become the main hall or auditorium, and the other house would be used for Sunday School classrooms. These properties are adjacent to one another. The amount would total USD\$15,000 from each supporting church and would be used primarily for the purchase of the properties and their renovations.

Beloved brethren, we have been renting for 14 years, and I believe that although we currently have some savings, it is not enough to cover the full purchase, along with related costs such as renovation and the expansion of classrooms, among other things. Please, would you consider investing in this great need? If you know of any individual or families interested in investing in this project, they may send their donations to our missionary agency, BMFP. The information is in the left margin of this letter, and the donation should be written in my name and directed to the "Work Fund."

This is the image of the two properties: total area approx. 560 m² ~ 6,000 ft²

In all of this, I have not yet mentioned Property 3, which would be a longer-term project, but one that remains on the table, since it is one of the works we desire to organize with its own lot, land, or building in Soledad. The acquisition of the two houses would be the most important project if we must choose between the properties and the vehicle to go to the La Guajira desert, where we serve the Lord among the Wayuu ethnic group.

We love you and pray that God will continue to use you greatly and continue to sustain the missions,

Your missionaries Rafa, Sandy & Miqueas Gómez

"Then all the multitude kept silence, and gave audience to Barnabas and Paul as they declared what miracles and wonders God had wrought among the Gentiles by them" (Acts 15:12)
