Round Up Ministries Support Letter
August/September

Dear Supporting Friends:

Thank you for keeping the Walkers on the road for souls. We are realizing more and more how much we need you as we see our expenses increase. Praise the Lord, we have the Chafa family traveling with us since June. They are both invaluable. Both servants and willing to do whatever is needed.

Then the Clark family joined us in August. We have known them for over 20 years. Bro. Clark actually got right with God while I was at his home church many years ago. Then he surrendered to preach and has been a pastor for the last 12 years in Montana. Missy has learned how to paint faces for the carnival, and their teenagers are hard workers too.

I can't tell you how much it has encouraged Loretta and I to have these two families with us. We just can't keep up with doing the carnival without help. Even if the church gives us workers we still need someone that knows how to tell the men what to do in set up and tear down. But in turn this adds to our expenses. Thank you for making us be able to keep going.

We were in three churches in Montana. God blessed in Heritage Baptist Church in Great Falls, Montana. Heritage had nearly 250 in attendance and had over 30 saved. It was an exciting time for them to see that many folks in attendance.

Later we were in Pasco, Washington. Riverview Baptist Church has been having big days for a long time. They had record breaking crowds with many visitors. They had 57 saved with 900 in attendance. Next, we went to Marysville, California with Pastor Kerry Brown. He had so many visitors. After the meeting, his wife let us know that a couple families came back the next Sunday and they had souls saved from the meeting. That is what we enjoy hearing and wanted you to know what you are doing for Christ through your giving.

We have been through a season of trials since August. We had to replace the kingpins on the motorhome and our generator is failing so we put a band aid on it until we can get home and rebuild it in December, a tire shop damaged our truck while they were changing the tires when it fell off the lift, even poor Champ was experiencing some health issues. We took him to an Equestrian vet that was only 5 minutes from the church in Loomis. He was diagnosed with three bad teeth. He had to have surgery to have them removed. If you know horses, you realize this is a major problem that we have to stay on top for his sake. Please pray for him. He's getting older and I'm praying for God to extend his life. It would be very hard on me to not have him on my team. I know I have talked about training Cisco to be his replacement but my heart hurts thinking about him not being able to perform.

We also had another tragedy in that my mom went to Heaven recently. My mom was so instrumental in my enjoyment of music. As a church pianist, she would have us stand around and sing for long periods of time. She was our biggest fan and did so much from home to serve our ministry. During the early years she helped copy CDs, put games and books together and the list goes on and on. In the last few years, she has lived with my sister in Tennessee and has been experiencing some memory loss. She went to Heaven at the age of 94. In the last few months, she often asked the Lord to allow her to come home. We are happy for her to be home but will miss her terribly.

The other day while we were traveling through California, we stopped at a truck stop to get propane. While the man was filling us, he was a captive audience which gave me the opportunity to give him a Champ tract that takes folks to his short performance on YouTube. Since he was so open and had the time, I ask him about going to Heaven when he died. He said he didn't know for sure and was willing to hear how to have that peace. He was sweetly saved and even thanked me after he prayed.

The Round Up Team is grateful for your support. We have had 157 saved in our meetings for August and September. We are still on the West Coast until the week of Thanksgiving. Praying for souls saved and God to take care of our financial needs with the high cost of fuel. We underestimated the cost of diesel when we calculated travel expenses. Can you believe that it is $8.50 a gallon? We can't either. But God is faithful and will care for it.

In His service,

Kevin L. Walker
