September/October 2026

Dear Praying Friends,

The Lord truly is good, and we are so thankful that we get to serve Him. We pray that you all are well. We are grateful and thankful to be your representatives in Tanzania. Thank you for your prayer and financial support all these years. Please know that all of the lives and souls that have been changed, reached, etc. are fruit that may abound to your account.

I was able to make it back home by the end of September. I will be leaving for Tanzania again at the end of October, but I will be back this year with my family for Christmas. It's been quite a while since I have been home for the holidays with them, and I am looking forward to doing that this year for sure.

The ministry continues on nicely. I am thankful for my assistant pastors and deacons and also the faithful families that the Lord uses to make the church run smoothly. The Lord has really shown me the importance of being grateful and thankful for the people He allows me to work with. Since Martha's cancer diagnosis, it has not only affected my family but also the people of Grace Baptist Church. We all are growing and learning and continuing to trust that God does all things well.

One of our church members, Baba Angel, was hit by a car and killed on Sunday, October 25, 2026. He was only 28 years old and left behind a wife and 5 kids. Please pray for this family as they adjust to life without him. We are so thankful for Heaven. It is just a reminder that life truly is short, and we need to be purposely looking for opportunities to give out the Gospel.

To give an update on Martha's health, she has some new spots on her lungs and on her liver. The spot is still there on the colon. She had a PET Scan on October 1 but needs a new CT scan because that measures the spots. She is waiting for approval to try a trial treatment. If she is approved, she should start in December. The trial includes three oral treatments and two infusions, with one infusion being every three weeks and the other every six weeks. Please continue to pray that this treatment will work completely. Thank you so much for your faithful prayers for her and our family.

We pray that you all have a wonderful Thanksgiving. Make many memories together, and continue to co-labor together.

For His glory,

Mshama, Martha, Esther, Benjamin, Rachel, & Sarah Kinyonga
